Changing the way the world works
through the power of **CONNECTION**

In his popular book, *The Ripple Effect: Maximizing the Power of Relationships for Your Life and Business*, Steve uncovers the secret to creating memorable, long-lasting connections and the critical impact they make in one's personal and professional life.

As an expert trainer and coach, Steve's unique and refreshing view of how individuals, organizations, and even our society must reach outside the box to connect is changing lives and impacting corporate bottom-line dollars.

Honing a leveraged system for achieving business success as CEO of two software companies, Owner Insite and Facility Insite, Steve has incorporated the signature Ripple DNA into every aspect of operations, from the technology to the team's approach for supporting their clients.
